STUDENT CLINICAL EXPERIENCE

Bachelor of Science in Nursing Clinical Rotations | Trinity University of Asia | 2020 to 2025

Medical and Surgical Nursing

St. Luke's Medical Center | Amang Rodriguez Memorial Medical Center | East Avenue Medical Center | Rosario Maclang Bautista General Hospital

- Completed supervised clinical exposure involving patients with medical and surgical conditions. Developed familiarity with hospital workflows, healthcare terminology, patient interaction, and clinical environments.

Emergency Room

St. Luke's Medical Center | East Avenue Medical Center | San Juan Medical Center

- Gained supervised exposure to emergency care environments and time-sensitive healthcare workflows. Observed and participated in patient care activities appropriate to student clinical training.

Intensive Care Unit

Amang Rodriguez Memorial Medical Center | East Avenue Medical Center

- Completed supervised clinical exposure in intensive care settings and developed familiarity with structured patient monitoring and multidisciplinary clinical environments.

Pediatric Nursing

Amang Rodriguez Memorial Medical Center | East Avenue Medical Center

- Completed supervised clinical exposure involving pediatric patients and developed experience communicating and interacting within patient-centered clinical settings.

Geriatric Nursing

Homemedix Nursing Home for the Aged

- Completed clinical exposure focused on the care and support of older adults and developed familiarity with geriatric care environments and patient-centered communication.

Psychiatric Nursing

Mother Teresa's Home That Cares Inc. | Morning Star Custodial Home

- Completed supervised exposure related to disturbances in maladaptive patterns of behavior and psychiatric nursing, with professional interaction in behavioral and mental healthcare environments.

Community Health Nursing

Sitio Sapa, San Rafael, Rodriguez, Province of Rizal | Brgy. IVC, Marikina City

- Participated in supervised community health nursing activities and gained exposure to community-based healthcare and patient interaction outside hospital settings.

Maternal and Delivery Care

Amang Rodriguez Memorial Medical Center | East Avenue Medical Center | Casimiro A. Ynares Sr. Memorial Hospital

- Completed supervised clinical exposure involving delivery cases and maternal healthcare environments.

Emergency and Disaster Nursing

Trinity University of Asia | Quezon City Local Government

- Participated in simulated disaster preparedness instruction conducted in cooperation with the Quezon City Local Government. Received academic exposure to emergency and disaster nursing, including Basic Life Support and advanced cardiac life support concepts.
